# THE K-ISLE

ANNIVERSARY

*Edition*

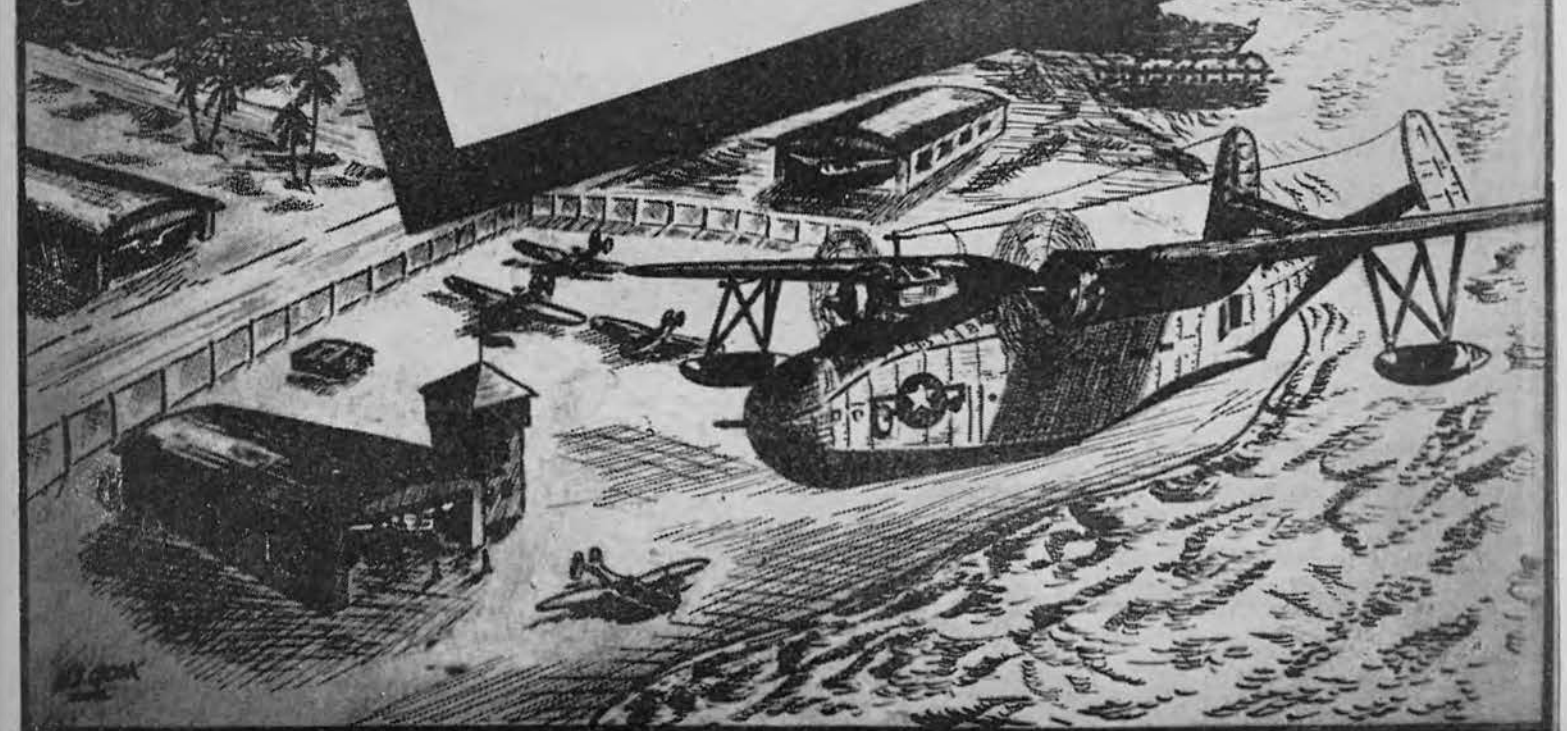

To the men of Maintenance Units working at rear bases, this edition is dedicated. Their courage to withstand monotony and dig in on jobs involving a lot of sweat and little excitement exemplifies the true "CAN DO" Spirit.

1944 DEC 29 PM 35

620K

This is the picture story  
of Seabees and their tour  
of duty on Island "X"—  
a story significant in  
that it is our story,  
presented upon the first  
anniversary of the first  
Construction Battalion  
Maintenance Unit's arrival  
overseas.

**CORTLANDT C. BAUGHMAN**  
**COMMODORE, U.S. NAVY**

*A Message from the Commander*

On this day commemorating the first anniversary of your unit here, it is with pleasure that I review the excellent record you have compiled. In the short time that I have spent among you I feel that I have come to know some of you personally and have noted the work being conducted by your unit. From my observations I have learned much. Your unit, with top efficiency, has operated on a twenty-four hour basis this year, maintaining power plants, telephone service, the water supply, roads and docks, plus a multitude of other tasks that come under Public Works. I congratulate you on a job well done!

*C. C. Baughman*

## A Message from the OinC

Congratulations to all on completing a difficult year on this Island X. For you as a Unit and as individuals it has been a year of adjustments and achievement. You have brought to your work many skills, a vigorous initiative, a fine spirit of cooperation and an intense desire to get things done well. This has resulted in Public Works developing into a smooth running and efficient organization to an extent not thought possible a year ago. You have the admiration and respect of the other activities on the Island. I am proud of what you have accomplished in one short year.

At the completion of this noteworthy year, it is fitting that I should also congratulate the people at home — our families. Many of them have suffered hardships and have made great sacrifices that we might do our part here. Their letters of understanding, of cheerfulness, of encouragement, and of patience have been an important factor in the success of our years work here.

May it be God's will that we triumph over the enemy and that we will all be able to go home soon and stay there.
