

Lieutenant Junior Grade Jacob Singleterry is a native of Selma, California. He graduated from Arizona State University in 2017 with a Bachelor of Science Engineering degree in Industrial Engineering. He earned his commission in October 2017 through the NROTC program at Arizona State.

His first sea assignment was aboard USS PORTLAND (LPD 27), where he served as the Main Propulsion Officer and as the division officer overseeing the installment of the Laser Weapon System Demonstrator. He is a Plankowner onboard PORTLAND, and helped guide the ship through her first CNO availability, basic phase, and intermediate phase.

He currently serves onboard USS ROOSEVELT (DDG 80) as the Navigator.
